Thank you for your input. I reserved Room 115 at the EPA REOC in Edison on September 18 (there's a CAG meeting that evening so NJ may be more convenient than NYC). Will confirm start time next week.

2. Form and timing of data transfer
3. Status and schedule for Newark Bay RI/FS including the CSM including sediment transport and risk assessments
4. CPG Modeling Team Input on NBSA Sedflume QAPP, cores and analysis
5. CPG Modeling Team Input on any NBSA additional sediment/core and grabs collection to support model development
6. NBSA MB/SB Bathymetry Surveys

Please contact me with any questions.
